Normalized Format

- Consists of three tables (files), one with voter data, one with political subdivision data, and another containing voting history.
- *Requires that the three tables (files) be **joined** to access voting history or to determine political subdivisions. This process requires extensive knowledge of and experience with database software and programming.*
- Available in comma-delimited text form only.

All fields, including numeric fields, are enclosed in quotes and separated by commas. Each record ends with a CR/LF (Carriage Return / Line Feed).
